### <u>Welcome</u>

Welcome to Energy Plus School of Dance. Founded in 1983 in Coventry, UK. Energy Plus School of Dance arrived in Mullingar in 1989. Energy Plus is a member of the Associated Board of Dance (A.B.D). Subjects taught are Ballet, Tap, Modern, Lyrical, Acro, Contemporary, Hip Hop and Musical Theatre. Children are taught from the age of 3 and are trained for examination, competition, demonstration and show work.

Our philosophy is to develop a joy and love for performance through dance technique, self discipline and self expression. Our instructors are experienced dance educators and professional performers who have the necessary knowledge to teach students of varying ages and abilities. Our classes and programmes of study are designed and dedicated to helping each child reach their full potential. We believe that all children benefit from dance and arts activities. We strive to create an environment in which each student develops self discipline, self confidence and enthusiasm for the performing arts. Students will be given opportunities to take part in many events and to progress through graded programmes of study.

Energy Plus sets class capacities that allow instructors to get to know each student as an individual and ensure that students receive the personal attention they need.

When it comes to class placement, we take time to assess each student on skill, maturity, strength, technique and their understanding of the class material. The general number of years per level is 3-4 years. We are all about encouraging our students to be confident. It is far more beneficial for new students to be promoted to a new class than to be placed in a class that is too challenging for them. For this reason, we may choose to move your child to a more advanced class when we've had a chance to get to know them.

Each student progresses at a different rate based on many factors. We will always recommend what we feel is the class best suited for each student based on our many years of teaching experience.

We look forward to meeting you and your child, and welcoming you to our Energy Plus dance family.
